(“EzFill” or the “Company”) (NASDAQ: EZFL), a pioneer and emerging leader in the mobile fuel industry, announced that during the fourth quarter of 2022 it had delivered approximately 1.24 million gallons of fuel to customers. This represents a 115% increase over the 577,475 gallons delivered in the fourth quarter of 2021, and a 25% increase over the 994,447 gallons delivered in the third quarter of 2022. #### **About EzFill**

EzFill is a leader in the fast-growing mobile fuel industry, with the largest market share in its home state of Florida. Its mission is to disrupt the gas station fueling model by providing consumers and businesses with the convenience, safety, and touch-free benefits of on-demand fueling services brought directly to their locations. For commercial and specialty customers, at-site delivery during downtimes enables operators to begin their daily operations with fully fueled vehicles. For more information, visit [www.ezfl.com](http://www.ezfl.com).

With the number of gas stations in the U.S. continuing to decline, corporate giants such as Shell, Exxon, GM, Bridgestone, Enterprise, and Mitsubishi have recognized the increasing shift in consumer behavior and are investing in the fast growing on-demand mobile fueling industry. As the only company to provide fuel delivery in three vertical segments - consumer, commercial, and specialty including marine, we believe EzFill is well positioned to capitalize on the growing demand for convenient and cost-efficient mobile fueling options.
